### WHAT OUR PARENTS SAY

“

I am so happy that my children go to such a wonderful school. I have found the staff at the school to be extremely helpful and supportive in times of need.

The school has given my child lots of opportunities to try new activities. I am impressed at his reading level which is a reflection on the importance of reading everyday which the school has made one of its priorities.

We feel indebted to the school for the progress our daughter has made. She is thriving academically, she has loved all the additional opportunities she has had and most importantly she is always happy at Calcot.
